New Business	
• Playground	Met with Wesley from SD 42 gave permission to start looking at costs. Contacted Greg who estimated 200, 000-240, 000 cost of playground 6 categories they recommend to give a full body workout for the kids. Rubber is 100, 000 but wood fibre is still accessible. Could have an outdoor classroom incorporated in front of the sandpit. Sent links for different grant applications available to apply on. 200, 000 from the gov't Mr Raible will have to apply to get. We could in phases. An idea to go through the catalogue and scale it down then have parents vote on it. Or have 3 options: survey parents could vote on to get an idea of what people are interested in. Paige to reach out to Wesley from SD42 to see costs for ground work . Gound work cost to be determined Old playground needs to be fixed as well. Will come to inspect Wesley will reach out to the playground inspector. GameTime is the playground vendor.
• Teacher Appreciation Lunch	July 16 date set
